**Cohen's Lottery and Exchange-Office.****Woe signo Fortuna.**

BALTIMORE—WEDNESDAY, AUGUST 25, 1825.

**The Fortunate Adventurers.**

We are now enabled to inform our readers that THE TEN THOUSAND DOLLAR PRIZE, drawn in the Grand State Lottery of Maryland, on the 27th ult. and which was forwarded by mail from COHEN'S OFFICE, to Pittsylvania County, Virginia, is owned in Danville, in that County, by Messrs. Robert Ross, of the house of Ross, Lansdown, & Co. and George H. Baskerville, of the house of Nathaniel Wilson. Messrs. R. & B. have already received their Cash.

The FIVE THOUSAND DOLLAR PRIZE it will be recollected was sold in Shares, also from COHEN'S OFFICE; (No. 2547)—One Half owned by Mr. William Person, residing near Warrenton, N. Carolina, was presented last Monday, through the medium of a house in this city, and as usual was immediately paid. One Quarter of the same fortunate ticket which we mentioned heretofore as having been sent to *Caswell Court House*, N. C. we have permission to state is owned by Mr. Thos. Graves of that place. This Share and the remaining Quarter which we forwarded to N. York, have not yet been presented—we have only to say that the CASH is waiting their presentation.

**On the 1st of September,**

The price of Tickets in the GRAND STATE LOTTERY will be advanced to FIVE DOLLARS.—All Orders which may be dated and post-marked previous to that day, will be supplied at the present rate of Four Dollars. The demand for Tickets and Shares increases every day with the popularity of the system, and we would suggest to our distant friends to complete their investments without delay—they will recollect that the whole Scheme will be drawn IN ONE DAY.

ORDERS as usual, enclosing the Cash or Prizes in any of the Lotteries, (post paid,) will meet the same prompt attention as if on personal application.—Address to

J. I. COHEN, Jr.—Baltimore.

**Caution to Distant Adventurers.**

*Direction of Letters.*—We beg permission to request our friends and customers residing in distant places, to be particular in directing their Letters to J. I. COHEN, Jr. Baltimore.—It will thereby prevent mistakes in being sent to another Office, the name of which on paper appears similar, and to which we understand, several Letters have been directed on the supposition that the name was ours.

**COMMODORE PORTER.**

After a sitting of twenty days, the Court Martial on this officer has closed—the result has been a suspension from the service for the term of six months—the sentence has been approved by the President of the U. States.

The PRESIDENT of the UNITED STATES, with General LAFAYETTE, his Son and Secretary, attended by the Marshall of the District, returned to the Seat of Government last week, from their visit to Loudoun county.

They arrived at the residence of the late President MONROE, on Sunday, and on Tuesday went, by previous appointment, to Leesburg, the chief town of the county. The General and the other distinguished visitors were received, we are in-

formed, in a very handsome manner, by the authorities of the town and the citizens of the county assembled on the occasion. A public dinner was given, to which nearly two hundred citizens sat down, of which President ADAMS, and Ex-President MONROE partook, as well as the GENERAL and his family. The entertainment, we are told, was every way worthy of the proverbial hospitality of the ancient dominion, and was rendered unusually interesting by the number and character of the guests, and the incidents that occurred at it. The present and late Presidents both addressed the company, as well as General LAFAYETTE.

**BRITISH MINISTER.**—The newly appointed Ambassador from Great Britain to the United States, Mr. Vaughan, arrived at Annapolis on the 12th in the frigate *Phaeton* and has proceeded to the Seat of Government.

**Latest Foreign Intelligence.**

There were several arrivals last week at New York from Liverpool—the latest was the packet ship *Pacific*, bringing London papers to the 15th, and Liverpool to the 16th July.—

ENGLAND is now in the full enjoyment of commercial prosperity, continually enlarging her mercantile projects—forming more extensive alliances. A project is now on the tapis to form an intercourse with this country, with the West Indies, and with the other parts of the world by the agency of steam. New publications in every department of the arts and sciences are pouring from the press—new plans formed for penetrating still further into countries as yet but little known to geography.

**COTTON.**—A letter from Liverpool, dated the 15th, mentions that there was a good demand for this article at 1 or 1 1-2d per lb. advance on the lowest sales of the preceding week, but the heavy arrival since then had suspended the demand.—It was estimated that not less than Fifty thousand Bags were imported into Liverpool between the 12th and 15th July. The total sales of the week amount to 10,050 bags. Of American there were 4200 Uplands, at 10d to 14d; 1500 Orleans, at 12 1-2 to 15; 120 Tennessees and 100 Sea Islands.

Mr. King, the American Minister, had gone to Cheltenham for the benefit of his health, he having suffered much from sea-sickness on the voyage from New York.

**TOBACCO.**—Extract from London July 14.

"This market for tobacco has been very lively for some time past, and a considerable advance in prices has been the consequence. Some parcels of Virginia strips have been sold as high as 9 1-2d, and a cargo of Virginia leaf, which in the early part of the year sold for only 2 3-4d, was re-sold last Saturday at 5 3-4d. A Kentucky cargo lately arrived, has also been sold at 5 1-2d, and the trade and dealers have been purchasing very freely. Kentucky strips also very high and good qualities very scarce, middling parcels have obtained 6d, finer in proportion 6 1-2 a 7 1-2d."

**Miscellaneous Intelligence.**

*From the West Chester Republican, August 10.*

**Masters and Apprentices.**—A case somewhat interesting to masters and apprentices was tried on Friday. The apprentice had twice deserted his post; was brought back the second time, and on refusing to return to service, was committed to prison by a magistrate. A discharge was asked for the boy, on the ground of illegality in his indenture, he having been bound without the consent of a relative, as his nearest friend, in the absence of his fa-

ther, yet living, although at a distance from this county, who had tacitly left his son entirely under the direction of his relative. The Court decided that the binding was legal.\* An attempt was then made to procure a release of the lad on the plea that the trade, (chair making) was injurious to his health which had been delicate—that he had been indisposed several weeks before he decamped, but had been well ever since. No complaint was made of ill usage by the master previous to the boy's elopement. The Court decided that the plea was insufficient. If the health of the lad was not good, it was his master's loss, he being bound to support him, although unable to earn his subsistence. The lad was ordered to return to his service, or await the punishment provided by law for his offence.—After some hesitation he prudently chose the first alternative.

The injurious effect of any trade, upon the health of an apprentice, we understand, is not in itself a matter of legal investigation. No master can wish to keep an apprentice who is unable to render him any service, and consequently it is the mutual interest of the parties that he be released from his indenture when thus circumstanced.

\*This is in conformity with a decision in *I. Serget. & Rawle*, 366, where the court laid it down that, "when the parent of a child lives at a distance, and has long relinquished his protection of the child, a binding by the next friend is good."

The sale of the Florida lands took place at Tallahassee on the 16th June.—A very small portion of the land was disposed of, there being but few bidders present. The average price of the land sold, of the best quality, was about \$2 per acre, a fraction above the government price. The township granted to Gen. Lafayette by Congress, has been located near Tallahassee, and is a body of very rich and fertile land. Col. M'Kee, of Alabama, the agent of Gen. Lafayette, selected the township. He is authorized by the General to dispose of every square of the land but one—the balance the General retains as an inheritance for his children. It was his intention to have kept the whole, but was advised to sell, on the ground that it would retard the settlement in that quarter, by holding such a large quantity of soil uncultivated. The General, therefore, consented to sell, to benefit the territory and enhance the value of the government land.—

**Distressing.**—An eastern paper mentions the death of a lady who died in great agonies, and that this melancholy accident was occasioned by the head of a pin which fell into her ear while she was making use of that little instrument in picking it. It should be borne in mind that if any casualty of this kind occurs, human skill can afford no relief—it is beyond the reach of medicine, beyond the power of the surgeon to afford a remedy. Let this melancholy example then serve as a caution to persons how they apply pins to their ears. We have before heard of cases of this kind, and we had resolved to mention the subject by way of salutary caution, and the recent death reminds us of our negligence.

BOLIVAR breakfasted on board the frigate *United States*, Com. Hull, on the anniversary of our independence, the ever-to-be-remembered 4th of July. He was saluted by about forty vessels lying in the harbor of Chorillos, and received on board the frigate in the most respectful manner possible; with which he expressed himself to be highly pleased.

AND WILL POSITIVELY TAKE PLACE IN THE CITY OF BALTIMORE IN A FEW WEEKS.

**20 813 PRIZES.**

**\$152,000**

**40,000 TICKETS—Not One Blank to a Prize.**

### MODE OF DRAWING:

The Numbers will be put into one wheel as usual—and in the other wheel will be put, the prizes *above* the denomination of 4 dollars, and the drawing to progress in the usual manner. The 20,000 prizes of \$4 will be awarded to the odd or even Numbers in the Lottery, (as the case may be,) dependant on the drawing of the Capital Prize of THIRTY THOUSAND DOLLS.—that is to say, if the 30,000 dollar prize should come out to an *Odd* Number, then *every Odd Number in the Scheme* will be entitled to a \$4 prize.—If the 30,000 dollar prize should come out to an *Even* Number, then all the *Even Numbers in the Scheme* will be each entitled to a prize of 4 dollars.

☞ *The Odd Numbers are those ending with 1, 3, 5, 7 or 9.*

☞ *The Even Numbers are those ending with 2, 4, 6, 8 or 0.*

This mode of drawing not only permits the whole Lottery to be completed in ONE DRAWING, but has the great advantage of distributing the small prizes regularly to *every alternate Number in the Scheme*, so that the holder of Two Tickets, or Two Shares of Tickets, (one Odd and one Even Number,) will be certain of obtaining at least one Prize, and in the same ratio for any greater quantity.

☞ A Ticket drawing a superior Prize in this Scheme, is *not restricted* from drawing an inferior one also—many tickets therefore, will necessarily obtain TWO PRIZES EACH!

*The Holders of Two Tickets, or Two Shares, will be CERTAIN of obtaining at least One Prize, and may draw THREE!*

## Tickets will Rise to 5 Dollars on the 1st of September,

UNTIL WHICH TIME THE PRICES WILL REMAIN, viz:

WHOLE TICKETS, \$4 00 | QUARTERS, \$1 00  
HALVES, ..... 2 00 | EIGHTHS, ..... 50 CTS.

To be had in the greatest variety of Numbers, (Odd and Even,) at
